

CQV4

To: Applicants who apply for assessment on Chinese qualifications for migration purposes

As a result of difficulties with the verification of academic documents from China, VETASSESS has taken additional measures to ensure their authenticity and recognition status. Applicants with qualifications gained from China are now required to verify their academic documents through **the Qualifications Verification (QV)** of VETASSESS, who has agreements with the Ministry of Education (MOE) China appointed verification authorities to also provide verification services.

You can apply for assessment and verification at the same time by completing the QA1 Form.

If you have already submitted application for Skills Assessment, you can apply for verification only by completing the CQV1 Application Form.

Download QA1 or CQV1 Form on www.vetassess.com.au or contact us to request a form to be emailed or sent to you. Once you complete the forms, send them with required documents and fees to our office. Please read the Explanatory Notes in the forms carefully for the relevant information about the forms, required documents and fees.

If you prefer to submitting online applications, you can go to www.skillassess.com to apply for Skills Assessment and go to www.qualverify.com to apply for Qualifications Verification.

Please be notified that your assessment can not be processed until the verification is completed.

On completion of your skills assessment and verification, you will receive our assessment letter along with the verification results.

Should you have further questions regarding this matter, please feel free to contact our office.

Yours sincerely

Manager of Qualifications Assessment
