AUR31220 Certificate III in Mobile Plant Technology

Applicant information

When you provide evidence of your workplace skills for your Trade Skills Assessment, you must also provide a completed Observation Report. A completed Observation Report allows you to provide evidence of the trade skills and knowledge you regularly display at your workplace.

Who can complete the Observation Report?

The person who completes the Observation Report must:

- hold a supervisor position at your current or past workplace (e.g. your supervisor, manager or owner of a business where you work)
- be available to be contacted by VETASSESS to discuss their report if required.

NOTE:

- If you do not have a supervisor in the current/past workplace or are unable to ask them to complete the report, you can approach other people who you work closely with (e.g. a senior colleague, regular/long-term client).
- If the person who completes the Observation Report is not contactable by VETASSESS, the evidence in the report cannot be accepted.
- An Observation Report does not replace a statement from your employer. You must provide a separate employer statement in your evidence for Stage 1.
