- » nailing fascia panels, sheathing roofs, and fitting exterior wall cladding and door and window frames
- » assembling prepared wood to form structures and fittings ready to install.

Carpenters and Joiners may also:

- » construct timber joints
- » construct concrete formwork
- » repair existing fittings
- » work with plastic laminates, perspex and metals.

How will I be assessed?

Stage 1: Documentary Evidence Assessment

We will review your documentary evidence to ensure it meets the employment and training requirements and indicates that you have the necessary skills, knowledge and experience as a Carpenter and Joiner.

Pathway 1 non-licensed trades will need to provide additional documentary, video and photo evidence with their Documentary Evidence Assessment application.

You can find more information about the employment and training requirements, and the documents required in the Pathway 1, Pathway 2 and Evidence guides on our [website](#).

Stage 2: Technical Assessment

If you are successful in Stage 1, you will complete a technical interview with our assessor. The technical interview will be conducted in English with no interpreters allowed.

For more information about the technical interview, see the Stage 2 Assessment Guide on our [website](#).
