Job description

Bricklayers lay bricks, pre-cut stones and other types of building blocks in mortar to construct and repair walls, foundations, partitions, arches and other structures.

Their job involves:

» studying plans and specifications to determine materials required, dimensions and installation procedures
» erecting and dismantling restricted height scaffolding
» sealing foundations with damp-resistant materials and spreading layers of mortar to serve as base and binder for blocks using trowels
» laying bricks in rows, designs and shapes and spreading mortar between joints
» embedding blocks in mortar and removing excess mortar
» checking vertical and horizontal alignment
» cutting, shaping and polishing stones and bricks using machines and hand tools and shaping bricks to fit irregular spaces
» repairing and maintaining bricks, cement blocks and related structures.

The qualification relevant to this job is CPC30111 Certificate III in Bricklaying/Blocklaying.

How will I be assessed?

Stage 1:

We will review your training and employment evidence to ensure you have:

» 5 years’ employment experience as a Bricklayer (with no formal training) OR
» 3 years’ employment experience as a Bricklayer (with relevant formal training*).

*‘Formal training’ is training that aligns with the national training standards in your country of training.

Your evidence must show you have worked in your occupation for at least 12 months within the last 3 years.

For more information on the documents required for Stage 1, see the Evidence Guide on our website.

Stage 2:

If you are successful in Stage 1, an assessor will assess you via a technical interview. The technical interview will be conducted in English and no interpreters are allowed.

For more information on Stage 2, see the Technical Interview Guide on our website.
