Dental Hygienist

ANZSCO: 411211

Group A

About this document

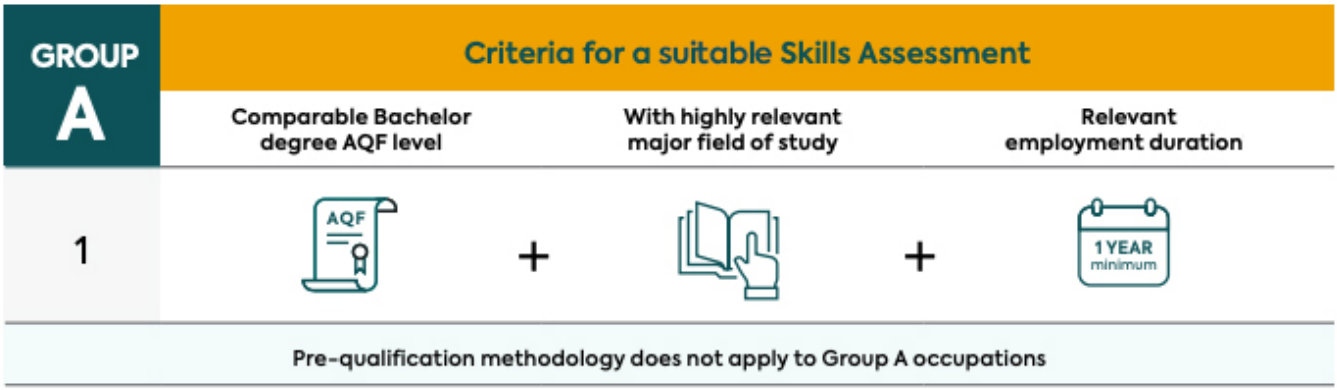

- The following Information Sheet is for your reference only and should be used as a guide to assist with your Skills Assessment application to VETASSESS. This information is subject to change.
- Please note that a Skills Assessment of the qualification involves assessment of both the qualification level and content. Qualifications are assessed according to the guidelines published by the Australian Government Department of Education.
- The employment assessment involves determining the skill level and relevance of the tasks undertaken.
- Integrity checks may be conducted to verify the qualification and employment claims made in an application.

Job description

Carries out preventative dental procedures under the direction of a Dentist.

Dental Hygienist is a VETASSESS Group A occupation

This occupation requires a qualification assessed as comparable to the educational level of an Australian Qualifications Framework (AQF) Bachelor degree or higher, in a field highly relevant to the nominated occupation.

Description of Pathways

The information below describes the available pathways for a Skills Assessment under**Group A**. Please note that in order to achieve a suitable Skills Assessment Outcome, a positive assessment for both qualifications and employment is required.

Pathway 1

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Bachelor degree or higher degree and in a field highly relevant to the nominated occupation. Bachelor degree or higher degree includes AQF Master Degree or AQF Doctoral Degree. In addition, it is essential for applicants to meet the following employment criteria:

- at least **one** year of post-qualification employment at an appropriate skill level, undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Pathway 2

This pathway requires an overseas qualification recognised by the Dental Board of Australia. The qualification must be highly relevant and comparable to an appropriate level within the Australian Qualifications Framework (AQF). Qualifications from the United Kingdom, Republic of Ireland, or New Zealand that are recognised by the Australian Dental Board - including certain Diploma-level qualifications that meet AQF equivalency, and the requirements set by the Dental Board - may be accepted on a case-by-case basis to meet the qualification level. Further information on recognised dental qualifications is available from the **Dental Board of Australia**.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **one** year of post-qualification employment at an appropriate skill level, undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Qualification

This occupation requires a qualification which is assessed as comparable to the educational level of an AQF Bachelor Degree or higher degree, in a field highly relevant to the nominated occupation.

Major fields of study include:

- Dental Hygiene
- Dental Hygiene Therapy
- Oral Health Therapy

Employment

Highly relevant tasks include:

- Providing fluoride therapy by applying remineralising solutions and desensitising agents
- Removing deposits from teeth
- Applying non-invasive fissure sealants to teeth
