VETASSESS

Information sheet

Health Diagnostic and Promotion Professionals nec

ANZSCO: 251999 **Group A**

About this document

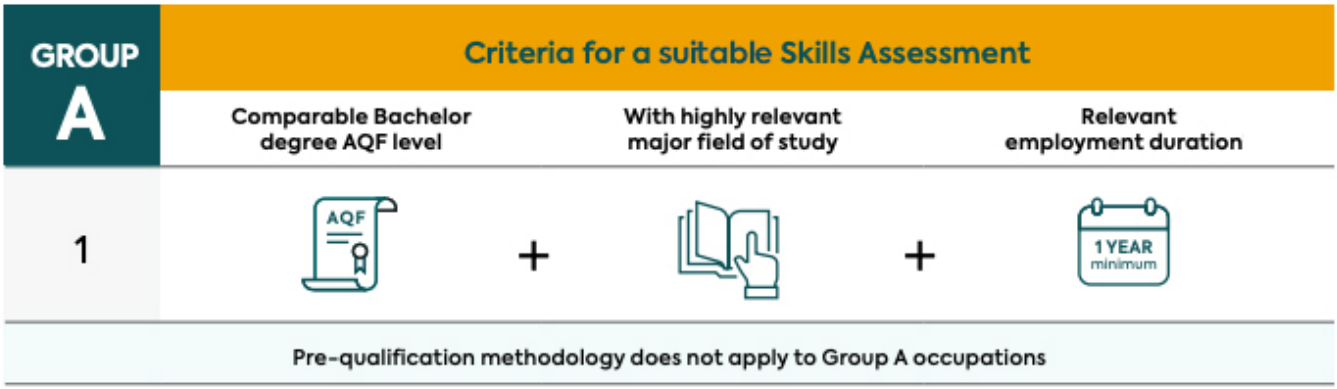

- The following Information Sheet is for your reference only and should be used as a guide to assist with your Skills Assessment application to VETASSESS. This information is subject to change.
- Please note that a Skills Assessment of the qualification involves assessment of both the qualification level and content. Qualifications are assessed according to the guidelines published by the Australian Government Department of Education.
- The employment assessment involves determining the skill level and relevance of the tasks undertaken.
- Integrity checks may be conducted to verify the qualification and employment claims made in an application.

Job description

This occupation group covers Health Diagnostic and Promotion Professionals not elsewhere classified.

Health Diagnostic and Promotion Professionals nec is a VETASSESS Group A occupation

This occupation requires a qualification assessed as comparable to the educational level of an Australian Qualifications Framework (AQF) Bachelor degree or higher, in a field highly relevant to the nominated occupation.

The information below describes the available pathways for a Skills Assessment under**Group A**. Please note that in order to achieve a suitable Skills Assessment Outcome, a suitable assessment for both qualifications and employment is required.

Pathway 1

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Bachelor degree or higher degree and in a field highly relevant to the nominated occupation.

Bachelor degree or higher degree includes AQF Master Degree or AQF Doctoral Degree.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **one** year of post-qualification employment at an appropriate skill level, undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Qualification

Highly relevant major fields of study include:

- Medicine
- Dentistry
- Nursing
- Allied Health
- Complementary Health
- Health Science
- Health Promotion
- Public Health
- Nutrition
- Pharmacy

This occupation requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Bachelor Degree or higher degree and in a field highly relevant to the nominated occupation.

Employment Criteria

It is essential for applicants to meet the following employment criteria:

- at least one year of post-qualification employment at an appropriate skill level,
- undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Please note in order to achieve a successful Skills Assessment Outcome, a positive assessment for both qualifications and employment is required.

Professions currently listed under the ANZSCO Unit Group 2519 for other Health Diagnostic and Promotion Professionals include 251911 Health Promotion Officer and 251912 Orthotist or Prosthetist. This occupation group covers Health Diagnostic and Promotion Professionals not elsewhere classified (ANZSCO). For employment that is similar in nature or expertise to other occupations listed within a Unit Group, but not elsewhere classified in ANZSCO, applicants can consider an nec classification. For nec occupations, VETASSESS conducts a case-by-case assessment to determine whether the employment can be considered highly relevant to the classification. However, if an applicant's employment is highly relevant to another ANZSCO occupation, the same period of employment cannot be assessed suitably against an nec classification, regardless of whether the occupation is available for migration purposes or not.

Employment within this nec classification includes (but is not limited to): Genetic Counsellor.

Applicants should provide a cover letter that justifies the rationale for choosing an nec category.
