

Aboriginal and Torres Strait Islander Health Worker

ANZSCO: 411511

Group C

About this document

- The following Information Sheet is for your reference only and should be used as a guide to assist with your Skills Assessment application to VETASSESS. This information is subject to change.
- Please note that a Skills Assessment of the qualification involves assessment of both the qualification level and content. Qualifications are assessed according to the guidelines published by the Australian Government Department of Education.
- The employment assessment involves determining the skill level and relevance of the tasks undertaken.
- Integrity checks may be conducted to verify the qualification and employment claims made in an application.

Job description

Liaises with patients, clients, visitors to hospitals and other medical facilities and staff at health clinics, and works as a team member to arrange, coordinate and provide health care delivery in Aboriginal and Torres Strait Islander community health clinics.

Aboriginal and Torres Strait Islander Health Worker is a VETASSESS Group C occupation

This occupation requires a qualification assessed as comparable to the educational level of an Australian Qualifications Framework (AQF) Diploma or higher, in a field highly relevant to the nominated occupation.

In addition to this, applicants must have at least one year of post-qualification employment at an appropriate skill level completed in the last five years in a field which is highly relevant to the nominated occupation. If employment is not post-qualification, then three additional years of highly relevant employment are required.

If the qualification is not in a highly relevant field, two years of employment at an appropriate skill level, completed in the last five years which is highly relevant to the nominated occupation is required. This is reduced to one year if there is an additional qualification at least at AQF Certificate IV level in a highly relevant field.

A positive assessment of both qualifications and employment is required for a positive Skills Assessment Outcome.

GROUP C		Criteria for a positive Skills Assessment					
Post-qualification Pathways							
	Minimum comparable Diploma or higher AQF level		With highly relevant major field of study		Additional highly relevant qualifications		Highly relevant employment duration
1		+		+	N/A	+	
2		+	No highly relevant major	+	 Minimum AQF Certificate IV level with highly relevant major	+	
3		+	No highly relevant major	+	No additional highly relevant qualifications	+	
Pre-qualification Pathway							
	Highly Relevant employment duration				Minimum comparable Diploma or higher AQF level		
4		+	 Within last 5 years	+	With or without highly relevant major field of study	+	

Description of Pathways

The information below describes the available pathways for a Skills Assessment under **Group C**. Please note that in order to achieve a successful Skills Assessment Outcome, a suitable assessment for both qualifications and employment is required.

Pathway 1

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Diploma or higher and in a field highly relevant to the nominated occupation.

Diploma or higher includes AQF Advanced Diploma, Associate Degree, Bachelor Degree, Graduate Diploma, Master Degree or Doctoral Degree.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **one** year of post-qualification employment at an appropriate skill level, undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Pathway 2

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Diploma or higher and in a field not highly relevant to the nominated occupation.

Diploma or higher includes AQF Advanced Diploma, Associate Degree, Bachelor Degree, Graduate Diploma, Master Degree or Doctoral Degree.

An additional qualification in a highly relevant field of study at a minimum AQF Certificate IV level is required. Additional qualifications in a highly relevant field of study include those comparable to the AQF Certificate IV.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **one** year of post-qualification employment at an appropriate skill level, undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

For example, an applicant for the occupation Program or Project Administrator completed a non-relevant AQF Diploma qualification in April 2024 and later completed an AQF Certificate IV in Project Management in May 2026. The applicant commenced employment with the organisation in May 2024 and remains employed there.

Under Pathway 2, the applicant satisfies the minimum educational requirement for a Group C occupation through the AQF Diploma qualification. Accordingly, employment is counted from the completion date of the Diploma qualification, meaning employment from May 2024 onwards may be considered toward both the required Qualifying Period (QP) and any remaining eligible period for the points test.

As the later Certificate IV qualification is highly relevant to the occupation, the applicant may access the reduced employment requirement applicable under Pathway 2. In this case, only one year of QP is required, and that employment may be counted from the post-Diploma period rather than from the Certificate IV qualification completion date.

Pathway 3

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Diploma or higher and in a field not highly relevant to the nominated occupation.

Diploma or higher includes AQF Advanced Diploma, Associate Degree, Bachelor Degree, Graduate Diploma, Master Degree or Doctoral Degree.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **two** years of post-qualification employment at an appropriate skill level, undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Pathway 4

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Diploma or higher with or without a highly relevant major field of study to the nominated occupation.

Diploma or higher includes AQF Advanced Diploma, Associate Degree, Bachelor Degree, Graduate Diploma, Master Degree or Doctoral Degree.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **four** years of employment at an appropriate skill level that includes at least **one** year of highly relevant employment within the last five years before applying,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Qualification

This occupation requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Diploma or higher and in a field highly relevant to the nominated occupation.

Indigenous Health Primary Care Practice is the study of the knowledge and skills for primary health care practice in Aboriginal and Torres Strait Islander communities. The level of employment associated with this qualification is autonomous work under the broad guidance of others, in primary health care practice in program delivery, management, policy or education functions.

Employment Criteria

Highly relevant tasks include, but are not limited to:

- Provides input to the planning, development, implementation, monitoring and evaluation of all health programs in the community
- May perform a management role, providing staff counselling, facilitation, orientation, induction and development
- May carry out administrative duties including budgeting and correspondence
- May liaise with government and non-government agencies
- Treats diseases or injuries
- Takes part in case management and follow-up, independently or with other health care providers

Additional tasks may include:

- Maintaining health records and statistics
- Acting as an advocate in the community they serve, and as a communicator and interpreter on behalf of clients and other health workers
- Providing clinical functions, such as case management and follow-up, independently or in consultation with other health care providers
- Providing health education to individual clients and staff in health facilities
- Providing cultural education to persons outside the cultural community and life skills education to the community they serve
- Providing counselling and referring clients to other health care providers where necessary
