Qualification

This occupation requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Certificate II or higher and in a field highly relevant to the nominated occupation.

Employment Criteria

It is essential for applicants to meet the following employment criteria:

- at least one year of post-qualification employment at an appropriate skill level,
- undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

If the qualification is not in a highly relevant field, then the applicant must have:

- two years of post-qualification employment experience at an appropriate skill level,
- undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

If employment has occurred before completion of qualification, then three years of highly relevant employment experience are required in addition to at least one year of highly relevant employment at an appropriate skill level in the last five years.

Please note in order to achieve a successful Skills Assessment Outcome, a positive assessment for both qualifications and employment is required.

Professions currently listed in ANZSCO Unit Group 3611 for Animal Attendants and Trainers include 361111 Dog Trainer or Handler, 361112 Horse Trainer, 361113 Pet Groomer, 361114 Zookeeper and 361115 Kennel Hand. Animal Attendants and Trainers train, feed, groom and care for animals. This occupation group covers Animal Attendants and Trainers not elsewhere classified (ANZSCO). Occupations in this group include, but are not limited to, Animal Trainer and Animal Welfare Officer.

For employment that is similar in nature or expertise to other occupations listed within a Unit Group, but not elsewhere classified in ANZSCO, applicants can consider an nec classification. For nec occupations, VETASSESS conducts a case-by-case assessment to determine whether the employment can be considered highly relevant to the classification. However, if an applicant's employment is highly relevant to another ANZSCO occupation, the same period of employment cannot be assessed suitably against an nec classification, regardless of whether the occupation is available for migration purposes or not.

Highly relevant fields of study would include a major focus in an area that is highly relevant to the subsequent not elsewhere classified (nec) employment.

Applicants should provide a cover letter that justifies the rationale for choosing an nec category.
