VETASSESS

Information sheet

Flying Instructor

ANZSCO: 231113 **Group B**

About this document

- The following Information Sheet is for your reference only and should be used as a guide to assist with your Skills Assessment application to VETASSESS. This information is subject to change.
- Please note that a Skills Assessment of the qualification involves assessment of both the qualification level and content. Qualifications are assessed according to the guidelines published by the Australian Government Department of Education.
- The employment assessment involves determining the skill level and relevance of the tasks undertaken.
- Integrity checks may be conducted to verify the qualification and employment claims made in an application.

Job description

Flying Instructor teaches the theory and practical skills of flying aircraft. Registration or licensing is required.

Occupations considered suitable under this ANZSCO code:

- Helicopter Pilot Instructor
- Gliding Pilot Instructor

This occupation requires a qualification assessed as comparable to the educational level of an Australian Qualifications Framework (AQF) Bachelor degree or higher.

Applicants must have fulfilled at least one of the following four criteria (1–4):

GROUP B	Criteria for a suitable Skills Assessment			
	Minimum comparable Bachelor or higher degree AQF level	With highly relevant major field of study	Additional highly relevant qualifications	Highly relevant employment duration
1	AQF +	+	N/A +	1 YEAR minimum
2	AQF +	No highly relevant major +	Minimum AQF Diploma level with highly relevant major +	2 YEARS minimum
3	AQF +	No highly relevant major +	No additional highly relevant qualifications +	3 YEARS minimum
Pre-qualification methodology can apply to Group B occupations				
	Highly relevant employment duration	With or without highly relevant major field of study	Additional highly relevant qualifications	Comparable Bachelor degree AQF level
4	5 YEARS minimum + 1 YEAR minimum (Within last 5 years) +	N/A +	N/A +	AQF

Description of Pathways

The information below describes the available pathways for a Skills Assessment under **Group B**. Please note that in order to achieve a suitable Skills Assessment Outcome, a positive assessment for both qualifications and employment is required.

Pathway 1

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Bachelor degree or higher degree and in a field highly relevant to the nominated occupation.

Bachelor degree or higher degree includes AQF Master Degree or AQF Doctoral Degree.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **one** year of post-qualification employment at an appropriate skill level, undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Pathway 2

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Bachelor degree or higher degree and in a field not highly relevant to the nominated occupation.

Bachelor degree or higher degree includes AQF Master Degree or AQF Doctoral Degree.

An additional qualification in a highly relevant field of study at a minimum AQF Diploma level is required. Additional qualifications in a highly relevant field of study include those comparable to the AQF Diploma or AQF Advanced Diploma or AQF Associate Degree or AQF Graduate Diploma.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **two** years of post-qualification employment at an appropriate skill level, undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

For example, an applicant for the occupation Quality Assurance Manager completed a non-relevant AQF Bachelor qualification in April 2024 and later completed an AQF Diploma in Quality Management in May 2026. The applicant commenced employment with the organisation in May 2024 and remains employed there.

Under Pathway 2, the applicant satisfies the minimum educational requirement for a Group B occupation through the AQF Bachelor qualification. Accordingly, employment is counted from the completion date of the Bachelor qualification, meaning employment from May 2024 onwards may be considered toward both the required Qualifying Period (QP) and any remaining eligible period for the points test.

As the later Diploma qualification is highly relevant to the occupation, the applicant may access the reduced employment requirement applicable under Pathway 2. In this case, only two years of QP are required, and that employment may be counted from the post-Bachelor period rather than from the Diploma qualification completion date.

Pathway 3

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Bachelor degree or higher degree and in a field not highly relevant to the nominated occupation.

Bachelor degree or higher degree includes AQF Master Degree or AQF Doctoral Degree.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **three** years of post-qualification employment at an appropriate skill level, undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Pathway 4

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Bachelor degree or higher degree with or without a highly relevant major field of study to the nominated occupation.

Bachelor degree or higher degree includes AQF Master Degree or AQF Doctoral Degree.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **six** years of employment at an appropriate skill level that includes at least **one** year of highly relevant employment within the last five years before applying,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Qualification

Flight instruction is a program of study that focuses on the technical knowledge and skills to train pilots to a level which is required to obtain a private or commercial pilot's licence for fixed or rotary wing aircraft.

This occupation requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Bachelor degree or higher degree and in a field highly relevant to the nominated occupation.

Employment Criteria

Relevant tasks include, but are not limited to:

- Develops course outlines, lesson plans and resource materials
- Lectures, demonstrates and provides practical exercises for students
- Instructs in the operation of communications, navigational and meteorological equipment
- Teaches use of aircraft controls and instruments
- Teaches operational considerations such as airframe construction characteristics and engine performance
- Demonstrates the use of safety equipment and pre-flight inspection of aircraft
- Gives in-flight instruction, supervises solo flights, accompanies students on training flights and demonstrates techniques for controlling aircraft during taxiing, take off, turns and landings
- Tests students' proficiency using written, theoretical, practical and verbal examination techniques
- Makes recommendation for examining and licensing at end of training
- May give post-licensing rating and endorsement training to student and qualified pilots
