About this document

- The following Information Sheet is for your reference only and should be used as a guide to assist with your Skills Assessment application to VETASSESS. This information is subject to change.
- Please note that a Skills Assessment of the qualification involves assessment of both the qualification level and content. Qualifications are assessed according to the guidelines published by the Australian Government Department of Education.
- The employment assessment involves determining the skill level and relevance of the tasks undertaken.
- Integrity checks may be conducted to verify the qualification and employment claims made in an application.

Job description

Recruitment Consultants interview applicants to determine their job requirements and suitability for particular jobs, and assist employers to find suitable staff.

Occupations considered suitable under this ANZSCO code:

- Employment Consultant
- Casting Agent
- Literary Agent

Occupations not considered under this ANZSCO code:

- Human Resource Adviser
- Workplace Relations Adviser

These occupations are classified elsewhere in ANZSCO.

Recruitment Consultant is a VETASSESS Group B occupation

This occupation requires a qualification assessed as comparable to the educational level of an Australian Qualifications Framework (AQF) Bachelor degree or higher degree, in a field highly relevant to the nominated occupation. In addition to this, applicants must have undertaken at least one year of post-qualification employment at an appropriate skill level in the last five years which is highly relevant to the nominated occupation. If employment is not post-qualification, then five additional years of highly relevant employment are required.

If the degree is not in a highly relevant field, three years of employment at an appropriate skill level completed in the last five years in a field which is highly relevant to the nominated occupation is required. This is reduced to two years if there is an additional qualification at least at AQF Diploma level in a highly relevant field. If employment is not post-qualification, then five additional years of relevant employment are required. This is in addition to one year of highly relevant employment within the past five years.

A positive assessment of both qualifications and employment is required for a positive Skills Assessment Outcome.

Description of Pathways

The information below describes the available pathways for a Skills Assessment under **Group B**. Please note that in order to achieve a suitable Skills Assessment Outcome, a positive assessment for both qualifications and employment is required.

Pathway 1

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Bachelor degree or higher degree and in a field highly relevant to the nominated occupation.

Bachelor degree or higher degree includes AQF Master Degree or AQF Doctoral Degree.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **one** year of post-qualification employment at an appropriate skill level, undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Pathway 2

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Bachelor degree or higher degree and in a field not highly relevant to the nominated occupation.

Bachelor degree or higher degree includes AQF Master Degree or AQF Doctoral Degree.

An additional qualification in a highly relevant field of study at a minimum AQF Diploma level is required. Additional qualifications in a highly relevant field of study include those comparable to the AQF Diploma or AQF Advanced Diploma or AQF Associate Degree or AQF Graduate Diploma.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **two** years of post-qualification employment at an appropriate skill level, undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

For example, an applicant for the occupation Quality Assurance Manager completed a non-relevant AQF Bachelor qualification in April 2024 and later completed an AQF Diploma in Quality Management in May 2026. The applicant commenced employment with the organisation in May 2024 and remains employed there.

Under Pathway 2, the applicant satisfies the minimum educational requirement for a Group B occupation through the AQF Bachelor qualification. Accordingly, employment is counted from the completion date of the Bachelor qualification, meaning employment from May 2024 onwards may be considered toward both the required Qualifying Period (QP) and any remaining eligible period for the points test.

As the later Diploma qualification is highly relevant to the occupation, the applicant may access the reduced employment requirement applicable under Pathway 2. In this case, only two years of QP are required, and that employment may be counted from the post-Bachelor period rather than from the Diploma qualification completion date.

Pathway 3

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Bachelor degree or higher degree and in a field not highly relevant to the nominated occupation.

Bachelor degree or higher degree includes AQF Master Degree or AQF Doctoral Degree.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **three** years of post-qualification employment at an appropriate skill level, undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Pathway 4

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Bachelor degree or higher degree with or without a highly relevant major field of study to the nominated occupation.

Bachelor degree or higher degree includes AQF Master Degree or AQF Doctoral Degree.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **six** years of employment at an appropriate skill level that includes at least **one** year of highly relevant employment within the last five years before applying,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Qualification

Highly relevant major fields of study include:

- Human Resource Management or Human Resource Strategy
- Organisational Development or Organisational Psychology
- Workforce Analytics
- Diversity and Inclusion

Other fields of study may be considered on a case-by-case basis if the field of study is highly relevant to the subsequent employment. E.g. an applicant with an engineering background who is involved in the recruitment of engineering professionals.

Employment

Highly relevant tasks include, but are not limited to:

- receiving and recording job vacancy information from employers such as details about job description, wages and conditions of employment
- providing information on current job vacancies in the organisation to employers and job seekers
- arranging for advertising of job vacancies, interviewing and testing of applicants, and selection of staff

Common roles held by Recruitment Consultants include:

- Recruitment Consultant (working within a recruitment agency). A Recruitment Consultant working within a recruitment agency requires expertise in marketing, compliance, sales, HR technology, customer service and human resource management.
- Talent Acquisition Specialist (working within a non-agency environment/internally within an organisation)

Supporting material for assessment

An organisational chart may assist to clarify the focus and responsibility level of positions held, as well as the size of the organisation. This should include the company letterhead, an applicant's job position and those of her/his superiors and subordinates, and should also show each of the departments within the organisation.

Applicants may also provide evidence of the following certification:

AHRI (Australia) **https://www.ahri.com.au/hr-certification/**

CIPD (UK) **https://www.cipd.co.uk/**

IHRP (Singapore) **http://ihrp.sg/**

While HR certification from these professional bodies will not substitute for a formal qualification, attainment may be seen as a positive indicator.
