

Cabinetmaker

ANZSCO Code: 394111

Occupation Description:

Cabinetmakers fabricate and repair wooden furniture, and fit and assemble prepared wooden parts to make furniture.

Their job involves:

- > examining drawings, work orders and sample parts to determine specifications.
- selecting and working with materials such as timber, veneers, particle board and synthetic wood.
- operating and maintaining a broad range of manual, automatic and semi-automatic woodworking machinery.
- marking out, cutting and shaping wood.
- working from drawings and specifications to make furniture.
- assembling parts to form sections of furniture and completed articles.
- > fitting hinges, locks, catches, drawers and shelves.
- repairing and refurbishing furniture.

1

How will I be assessed?

Stage 1:

We will review your training and employment evidence to ensure you have:

- 5 years' employment experience as a
 Cabinetmaker (with no formal training)
- 3 years' employment experience as a Cabinetmaker (with relevant formal training)*

*'Formal training' is training that aligns with the national training standards in your country of training. Your evidence must show you have worked in your occupation for at least 12 months within the last 3 years.

You can find information about the employment, training, and document requirements below:

- For information on what evidence you need to include with your application, download the Evidence guide.
- If you are in pathway 1 you also need to find information on assessment for your specific occupation
 - Video guide (Furniture)
 - Video guide (Kitchens and Bathrooms)
 - Observation report
- For information about the employment experience requirements for a Pathway 1 application, please refer to the **Pathway 1 Employment Experience Guidelines**.
- If you are applying for a Pathway 2 assessment, please read the Pathway 2 Assessment Guide.

Stage 2:

2

If you are successful in Stage 1, you will complete a technical assessment.

For more information about the technical assessment, see the Pathway 1 Technical Assessment Guide and Pathway 2 Candidate Guide.

What skills and knowledge do I need?

The qualification relevant to this occupation MSF30322 Certificate III in Cabinet Making and Timber Technology. To be awarded this qualification, you must demonstrate your skills and knowledge in the units of competency listed in the table below. Each unit of competency defines a selection of knowledge and skill required in Australian workplaces.

You must demonstrate competency in all 8 'General Cabinetmaking Workplace Skills' units, and demonstrate competency in all 20 units within one of two streams:

- Stream 1: Furniture
- Stream 2: Kitchens and Bathrooms

General Cabinetmaking Workplace Skills		
Code	Title	
General Cabinetmaking Workplace Skills		
MSMWHS200	Work safely	
MSMENV272	Participate in environmentally sustainable work practices	
TLID0021	Store and handle dangerous goods and hazardous substances
