

Economist

ANZSCO: 224311

Group A

About this document

- The following Information Sheet is for your reference only and should be used as a guide to assist with your Skills Assessment application to VETASSESS. This information is subject to change.
- Please note that a Skills Assessment of the qualification involves assessment of both the qualification level and content. Qualifications are assessed according to the guidelines published by the Australian Government Department of Education.
- The employment assessment involves determining the skill level and relevance of the tasks undertaken.
- Integrity checks may be conducted to verify the qualification and employment claims made in an application.

- Mineral Economist
- Taxation Economist

Occupations not considered under this ANZSCO code:

- Actuary
- Mathematician
- Statistician
- Accountants
- Corporate Treasurer
- Financial Investment Advisers and Managers
- Financial Dealers, including Financial Dealers nec
- Information and Organisation Professionals nec
- Policy Analyst
- Specialist Managers, including Finance Manager

These occupations are classified elsewhere in ANZSCO or are not at the required skill level.

Economist is a VETASSESS Group A occupation

This occupation requires a qualification assessed as comparable to the educational level of an Australian Qualifications Framework (AQF) Bachelor degree or higher, in a field highly relevant to the nominated occupation. Applicants must also have at least one of highly relevant, post-qualification employment, at an appropriate skill level completed in the last five years. Applicants will not meet the required skill level if:

- The qualification(s) are not at the required educational level.
- The qualification(s) are not in a highly relevant field of study.
- The employment has been completed prior to the completion of the qualification.

A positive assessment of both qualifications and employment is required for a positive Skills Assessment outcome.

GROUP A	Criteria for a positive Skills Assessment				
	Comparable Bachelor degree AQF level	With highly relevant major field of study	Relevant employment duration*		
1		+		+	
Pre-qualification methodology does not apply to Group A occupations					

** Highly relevant paid employment duration (20 hours or more per week): One year of post-qualification paid employment (20 hours or more per week) highly relevant to the nominated occupation, at an appropriate skill level in the last five years before the date of application for a Skills Assessment.

Qualification

*This includes qualifications assessed at AQF Bachelor, Master and Doctoral level.

The highly relevant major field of study:

- Economics

Employment

Highly relevant tasks include, but are not limited to:

- Analysing interrelationships between economic variables and studying the effects of government fiscal and monetary policies, expenditure, taxation and other budgetary policies on the economy and the community.
- Researching, analysing and assessing the effects of labour market programs and industry policies and programs on economic growth, welfare, education and training.
- Investigating international and national economic situations, and particular features such as industries, regions and socioeconomic groups.
- Studying workplace issues such as enterprise bargaining and wage fixation, and the effect of workplace policies on productivity and economic growth.
- Analysing trends and advising on economic issues such as taxation levels, prices, employment and unemployment, imports and exports, and interest and exchange rates.
- Forecasting changes in the economic environment for short-term budgeting, long-term planning and investment evaluation.
- Formulating recommendations, policies and plans for the economy, corporate strategies and investment, and undertaking feasibility studies for projects.
- Preparing reports on research findings.

Employment Information

Economists are usually employed by local and national governments, public and private banks, insurance companies, think tanks, large multinational companies and local authorities. Some economists work in an academic context, studying theoretical or applied economic issues and writing research papers or policy reports.

Applicants for the occupation of Economist are expected to be developing and applying economic development theories, conducting in-depth analyses, and testing and applying economic theories to advise policy recommendations.

Roles focused on financial analysis will not meet the requirements.

Supporting material for assessment

When applying for a Skills Assessment, please ensure you submit sufficient evidence supporting your proof of identity, qualification and employment claims. Applicants nominating this occupation are required to provide evidence in line with VETASSESS documentation requirements (see List of Required Documents).

You are also further encouraged to provide the following:

- Evidence of membership of, or affiliation to, industry or professional bodies.
- Prizes, certificates or other forms of commendation.
- Web links to online employment outputs/reports/ publications/research in peer reviewed publications or similar.

You should also provide details of any relevant training or professional development courses undertaken. These may be detailed in the Curriculum Vitae/Resume provided.
