

Mine Deputy

ANZSCO: 312913

Group C

About this document

- The following Information Sheet is for your reference only and should be used as a guide to assist with your Skills Assessment application to VETASSESS. This information is subject to change.
- Please note that a Skills Assessment of the qualification involves assessment of both the qualification level and content. Qualifications are assessed according to the guidelines published by the Australian Government Department of Education.
- The employment assessment involves determining the skill level and relevance of the tasks undertaken.
- Integrity checks may be conducted to verify the qualification and employment claims made in an application.

Job description

A Mine Deputy oversees the safety of mining operations and supervises Miners.

Occupations considered suitable under this ANZSCO code:

- Mining Technician
- Open Cut Examiner

Occupations not considered under this ANZSCO code:

- Production Manager (Mining)
- Safety Inspector
- Metallurgist
- Metallurgical or Materials Technician

These occupations are classified elsewhere in ANZSCO or are not at the required skill level.

Mine Deputy is a VETASSESS Group C occupation

This occupation requires a qualification assessed as comparable to the educational level of an Australian Qualifications Framework (AQF) Diploma or higher.

Applicants must have fulfilled at least one of the following four criteria (1-4):

GROUP C		Criteria for a positive Skills Assessment					
Post-qualification Pathways							
	Minimum comparable Diploma or higher AQF level	+	With highly relevant major field of study	+	Additional highly relevant qualifications	+	Highly relevant employment duration
1		+		+	N/A	+	
2		+	No highly relevant major	+	 Minimum AQF Certificate IV level with highly relevant major	+	
3		+	No highly relevant major	+	No additional highly relevant qualifications	+	
Pre-qualification Pathway							
	Highly Relevant employment duration				Minimum comparable Diploma or higher AQF level		
4	 +  + Within last 5 years				With or without highly relevant major field of study		
					+		

Description of Pathways

The information below describes the available pathways for a Skills Assessment under **Group C**. Please note that in order to achieve a successful Skills Assessment Outcome, a suitable assessment for both qualifications and employment is required.

Pathway 1

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Diploma or higher and in a field highly relevant to the nominated occupation.

Diploma or higher includes AQF Advanced Diploma, Associate Degree, Bachelor Degree, Graduate Diploma, Master Degree or Doctoral Degree.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **one** year of post-qualification employment at an appropriate skill level, undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Pathway 2

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Diploma or higher and in a field not highly relevant to the nominated occupation.

Diploma or higher includes AQF Advanced Diploma, Associate Degree, Bachelor Degree, Graduate Diploma, Master Degree or Doctoral Degree.

An additional qualification in a highly relevant field of study at a minimum AQF Certificate IV level is required. Additional qualifications in a highly relevant field of study include those comparable to the AQF Certificate IV.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **one** year of post-qualification employment at an appropriate skill level, undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Pathway 3

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Diploma or higher and in a field not highly relevant to the nominated occupation.

Diploma or higher includes AQF Advanced Diploma, Associate Degree, Bachelor Degree, Graduate Diploma, Master Degree or Doctoral Degree.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **two** years of post-qualification employment at an appropriate skill level, undertaken in the last five years,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Pathway 4

This pathway requires a qualification assessed as comparable to the education level of an Australian Qualifications Framework (AQF) Diploma or higher with or without a highly relevant major field of study to the nominated occupation.

Diploma or higher includes AQF Advanced Diploma, Associate Degree, Bachelor Degree, Graduate Diploma, Master Degree or Doctoral Degree.

In addition, it is essential for applicants to meet the following employment criteria:

- at least **four** years of employment at an appropriate skill level that includes at least **one** year of highly relevant employment within the last five years before applying,
- working 20 hours or more per week, and
- highly relevant to the nominated occupation.

Qualification

This includes qualifications assessed at AQF Advanced Diploma, Associate Degree, Bachelor, Master and Doctoral level.

Core competencies relevant to Mining include, but are not limited to:

- Mining Management/Operations
- Work Safety
- Risk Management
- Plant Maintenance
- Mine Emergency Preparedness and Response Procedures
- Minimising Environmental Hazards
- Resources
- Process Engineering

Highly relevant majors of study include:

- Mining-related fields

Employment

Highly relevant tasks include, but are not limited to:

- Overseeing the safety of mining operations and supervising miners.
- Leading and managing day-to-day operations of mine/s.
- Ensuring the safety requirements, policies and procedures of mining operations are met.

Additional tasks may include:

- Preparing designs, plans and schedules for mining operations.
- Determining the equipment required.
- Conducting statutory inspections to ensure compliance.
- Conducting tests to detect the presence of gas and ensure underground ventilation is adequate.
- Risk management.
- Developing and supervising work organisation standards and procedures for mining operations.
- Leading maintenance procedures to ensure machinery/equipment are safe and operate to performance.
- Leading continuous improvement initiatives.
- Coordinating operators such as earth movers.
- Overseeing the storage and use of explosives.

Employment information

Mine Deputies are responsible for the day-to-day management of a mining operation. They are responsible for the overall safety of the operations as well as overseeing and coordinating miners, earth movers and other human resources and equipment. They may conduct various inspections themselves, develop and lead continuous improvement initiatives, conduct risk management, and ensure machinery and equipment are operating at the required performance and meet safety standards.

Categories of acceptable employment contexts include, but are not limited to:

- Underground mines
- Open cut mines

Supporting material for assessment

When applying for a Skills Assessment, please ensure you submit sufficient evidence supporting your proof of identity, qualification and employment claims. Applicants nominating this occupation are required to provide evidence in line with VETASSESS documentation requirements (see List of Required Documents).

While the VETASSESS Skills Assessment for migration purposes is distinct from an assessment for licensing or registration purposes, applicants are advised to provide copies of relevant licences (including from overseas) if held.
