## Employment information

The occupation Technical Sales Representatives nec belongs to ANZSCO Unit Group 2254 and covers technical sales occupations that are not elsewhere classified in that Unit Group (or elsewhere classified in ANZSCO).

Sales Representative (Educational Products and Services) is the only specialisation listed under this nec code, but please note that applicants selling products or services other than education products or services could be assessed positively. They should, however, be engaged in sales requiring technical knowledge to business, professional and other establishments, and their role should not be elsewhere classified in ANZSCO.

This occupation excludes positions that are based in a front-line setting, and/or based in a call centre setting where significant technical knowledge of products is not required. Positions that predominately involve the selling of educational courses to individual students will not be assessed positively.

## Not Elsewhere Classified (nec)

Some occupations assessed by VETASSESS are listed as 'nec', which means 'not elsewhere classified'. If nominating one of these occupations, you must ensure that your qualifications and employment are highly relevant to one of the occupation titles given in the ANZSCO description for the particular occupation.

Other specific occupation titles which cannot be found elsewhere in ANZSCO will be considered on a case-by-case basis so long as they are relevant to the 'nec' codes. In order to be assessed against an 'nec' code, your occupation would generally be described as non-classified, yet specialised or related to its ANZSCO Unit Group description. Your employment in these nominated occupations should not better match another ANZSCO code (whether assessed by VETASSESS or not).

When considering whether to nominate an 'nec' occupation, you should consider the sub major group description and determine whether your skills best fit this category. VETASSESS conducts a case-by-case assessment to determine whether the employment can be considered highly relevant to the classification.

If an applicant's employment is highly relevant to another ANZSCO occupation, the same period of employment cannot be assessed suitably against an 'nec' classification, regardless of whether the occupation is available for migration purposes or not. Applicants should provide a cover letter that justifies the rationale for choosing an 'nec' category.
